E. The parties have complied with the requirements of Local Rule 26(f)(2)(B) regarding discovery of electronically stored information and have concluded as follows:

To identify and preserve any potential ESI, counsel will alert their clients to ensure proper protections are in place to prevent deletion of documents potentially relevant to this litigation, to notify those persons in relevant positions to refrain from destroying ESI that may be relevant to the claims in this litigation, and to ensure no inadvertent deletion of ESI occurs. For any ESI discovered during the course of this litigation, included relevant e-mail communications, the parties have agreed to produce in PDF format any electronically stored documents that are produced in response to the document requests. The parties are not aware of any discoverable deleted ESI. In the event any privileged information is inadvertently disclosed via any ESI, the parties agree that the privilege is not waived.

If it becomes clear throughout discovery that any discoverable ESI has been deleted, the parties agree to promptly inform the opposing party. Furthermore, the parties agree that expenses related to efforts to recover deleted discoverable ESI will be born by the producing party.

F.	F. The court imposes the following further discovery provisions or limitations:			
	1. The parties have agreed that defendant may obtain a Fed.R.Civ. P. 35 (L.U.Civ.R. 35) medical examination of the plaintiff (within subpoena range of the court) by a physician who has not examined the plaintiff, and that defendant may arrange the examination without further order of the court. The examination must be completed in time to comply with expert designation discovery deadlines.			
✓	2. Pursuant to FED.R.EVID. 502(d), the attorney-client privilege and the work-product protections are not waived by any disclosure connected within this litigation pending before this Court. Further, the disclosures are not waived in any other federal or state proceeding.			
√	3. Plaintiff must execute an appropriate, HIPAA-compliant medical authorization.			
✓	4. The court desires to avoid the necessity of filing written discovery motions where court participation in an informal discussion of the issue might resolve it, even after the parties have been unsuccessful in a good faith attempt to do so. Consequently, before a party may serve any discovery motion, counsel must first confer in good faith as required by Fed. R. Civ. P. 37(a)(1). If the attorney conference does not resolve the dispute, counsel must contact the chambers of the magistrate judge to request a telephonic conference to discuss the issue as contemplated by Fed. R. Civ. P.16(b)(3)(B) (v). Only if the telephonic conference with the judge is unsuccessful in resolving the issue may a party file a discovery motion.
